

ALL TERRAIN CAMPER TRAILERS

Discover Cape York Peninsula 5 July to 25th July inclusive

Departing from Cairns we will follow the coastal road north to the World Heritage listed Daintree National Park and visit the world's oldest tropical rainforest, picturesque rivers, mangroves and diverse flora and fauna. We will join for a group dinner at the Daintree Village this evening.

Crossing the famous Daintree River Ferry, we head north to Cooktown, via the Bloomfield Track visiting the Lions Den Hotel and the mysterious Black Mountain en route.

At Cooktown we'll enjoy both the Endeavour River Cruise, and the James Cook Museum.

The Battle Camp Road will lead us to a good camp at Lakefield NP. Here more than two hundred bird species have been recorded, crocs also inhabit this area. Majestic termite mounds are numerous in this NP.

The adventure continues as we spend a night at Archer River Roadhouse and make camp. The following day we will make our way to the East Coast, to the Iron Range NP and chill out on

Chilli Beach for a couple of days. Your 4wd will have a work out with the changing conditions on the track, from water to bull dust, sand and mud. This track has it all.

Heading north on the generally narrow Old Telegraph Track, we will see its beautiful creek crossings and awesome swimming holes with waterfalls, and an ever changing landscape, a cool swim and camping on the OTL is delightful. The creek crossings change as the wet seasons pass, so the OTL is a new adventure each year!

After crossing the Jardine River, via the barge, we will enter into the local Injinoo community and spend a few days at Seisia where we will visit 'The Tip' of Australia, the Croc Tent and Frangipani Bay. As we take the board walk to the tip we will taste some green ants, a common bush food.

Seisia wharf is arguably the best land fishing in Australia.

You'll travel through the Torres Strait to Thursday Island and meet the gentle Thursday Island people. Here we'll take an interesting bus tour and visiting a number of historic and scenic sites before returning on the ferry to the mainland for a group dinner at Seisia Island Breeze Restaurant.

Returning across the Jardine River, via the barge, we will travel west to the lesser known aboriginal owned coastline of Vrilya Point, with its beautiful sandy beach and great fishing spots, we will relax here around a friendly campfire for a couple of days and try and catch ourselves some mud crabs and oysters and go for a beach drive.

Returning to the OTL is so much fun that we enjoy another night at Elliot Falls, followed by the mining town of Weipa.

At Weipa you will take a guided bus tour of the Weipa mines and town, this will provide you with an excellent insight into the whole mining process at Weipa, or you can take an optional fishing charter and catch your

very own Barramundi! Weipa has the prettiest sunsets that we have ever seen, be sure to take your camera, chair and nibbles to the afternoon beach sunset gathering.

Returning south, we visit the old telegraph station at Musgrave, which was built in 1887 and now stands as a welcome roadhouse and camping ground.

Following down the Peninsula Development Road we hope to spend a night at Granite Gorge, where you can see rocky waterfalls and you can hand feed wild rock wallabies.

Finally you will return to Cairns for our 21st and final night on your amazing adventure.

If you fish you'll be in paradise. If you're a bird watcher you'll be amazed. If you're a person that loves fauna & flora you'll be in nature's garden. If you're a 4WD enthusiast you'll have an experience to talk about when you get home. If you are fascinated with history you'll be enthralled. If you just want to enjoy a great time in the tropical Aussie Outback, you've come to the right place...The Cape York Peninsula.
